Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SH332AL

This Certificate issued to: Airglas, Inc.
3500 O'Malley Rd
Anchorage, AK 99507

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations.

Original Product Type Certificate Number: H2SW

Make: Bell

Model: 206A and 206B

Description of Type Design Change: Approval of Airglas model L2700-206A skis when installed in accordance with Airglas Engineering Co., Inc. Drawing No. L2700-206A (Revision A), dated June 15, 1972, and when manufactured in accordance with Airglas Engineering Co., Inc. Drawing No. L2700-206A-1 (Revision A), dated September 26, 1972, L2700-206A-2, -3, -4, -5 (Revision A), dated September 26, 1972, and 30185, dated January 20, 1972

Limitations and Conditions: The approval of this change in type design applies basically to Bell 206's only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect on the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration

Date of application: July 22, 1969
